Hi!

My name is Piotr and I'm 17. I'm called Chopin due to my long, curly hair and the fact that I play the piano. I live in Przemyśl, a small but charming city in Poland. Here I study at economics class in high school. My favourite subject is geography and I would like to study urban planning. I really like music, hip-hop and reggae are my favourite genres. I also love travelling, one of my dreams is visiting all the world.

See You soon, I can't wait to get to know you better :)

Hi,
My name is Michal. I'm 17 and I am a second-grader in high school in a lovely town of Przemyśl, Poland. I am a world-curious, open-minded person who tries to see what's behind the horizon. I try not to limit myself to any fields, but really enjoy discovering new music, especially hip-hop. I also love working at full capacity and make use of my height playing basketball. My other hobby is history because I believe that knowing oneself is to know one's past. Spending time with my friends is my definition of having a good time. Cheers, Michal

See You in Cambridge! ☺
